

Rescue® Pawsitive Impact

Cleaning and Disinfection Numbers for Pet Boarding

Reduced Disinfection Time

50% Faster Cleaning

Rescue Disinfectant's rapid contact time and easy application can cut disinfection times by up to 50%. Clean more kennels in less time.

5 Minute Contact time

Unlike other disinfectants that may require 10 minutes to be effective, Rescue disinfectant kills most pathogens in just 5 minutes, speeding up the overall disinfection process.

Labour Cost Savings

2 in 1

Clean More Kennels in Less Time

- Rescue is a cleaner and disinfectant in one.
- After removing debris, just apply and wipe down once instead of going through separate cleaning with detergent and then using a disinfectant.
- Increase your capacity to accommodate more pets.
- Reallocate staff to other important tasks.

Annual Estimated Labour Cost Savings For A

\$8,700

\$21,800

\$43,700

Assumptions: Labour \$15/hour, 10 min daily spot cleaning and disinfection time per kennel, 15 min-ute deep cleaning and disinfection time per kennel

Rescue® Pawsitive Impact

Cleaning and Disinfection Numbers for Pet Boarding

Less Waste, More Savings

3 Month Shelf Life once Diluted

- Less frequent disposal
- Disinfectants with shorter shelf lives often expire before they are completely used, leading to waste.

3 Year Shelf Life Unopened

- A disinfectant with a long shelf life lets you purchase larger quantities at a discounted rate without the risk of the product expiring before use.

Save Your Reputation

A clean and well-maintained facility will enhance your reputation, attracting more clients and increasing revenue.

How much could an outbreak cost me in 1 month?

↓\$3,840

↓\$9,600

↓\$19,200

Assumptions:

80% occupancy, \$40 daily occupancy rate, 10% reduction in bookings for 1 month + 3 day closure
